

Covid-19 exceptional measures

To welcome in the best conditions the guests who wish to find peace and serenity in the countryside, La Ressence has taken exceptional measures:

Free cancellation or modification of reservation

Up to 24h before the start of the stay any cancellation or modification of stay will be free. The credit card given as guarantee at the reservation will not be charged except in case of non presentation without notice.

Hygienics measures reinforced

La Ressence will provide its customers with hydroalcoholic gel, disinfectant wipes and masks. Cleanliness and housekeeping, which were already an absolute priority, will of course be strengthened. Of course the social distance measures will be put in place and everyone will be able to find a pleasant space in peace within the property.

Meals delivered

For those who wish to avoid going to the restaurant, there will be the possibility to have meals made by our partner restaurants nearby. La Ressence will take care of delivering you, setting up a beautiful table, serving you free of charge; and offering you its selection of wines from its local partner winemakers.
